INSTITUTE AT A GLANCE

Message from the Chairman

It is a matter of great pride & happiness that our institute which started with a meagre strength of 5 students in nursing diploma course more than a decade back has now grown into a full fledged huge serene campus with various undergraduate & postgraduate courses in the field of Nursing & Physiotherapy. We are today committed to provide quality education & complete clinical support for the development of nurses & physiotherapists. Our aim is to create a place, which provides complete solution in the making of health professionals & to place them in India & Abroad. We have provided a beautiful campus to help in making an overall growth of professionals.

Our Super-speciality hospital (Prem Hospital, Panipat) which is also attached to our institute is also being upgraded in cardio-thoracic surgery & cancer units so that our students get training in these specialized fields as well. This will help us to train our students & give them all round exposure so that they do not feel out of place where ever they go. It is important to inculcate a sense of discipline, teamwork, service and interaction among doctors, nurses and patients. Our endeavour in organizing various debates, declamation contests, workshops, seminars & health camps in this direction has yielded the desired results.

We are confident & pray the Almighty to give us strength to achieve success in our mission

Dr. Pankaj Mutneja
Chairman

Faculty for Nursing

Nursing Courses

Introduction

Nursing is an independent profession. It has made tremendous progress during the last 50 years I.e. from Auxiliary Nurse midwifery to Ph.D level.

Ved Nursing training Institution was established in 1997 with the sole aim of uplifting urban and rural women to make them independent-socially, economically and emotionally. At the same time the institute also attempts to make them aware about the health concept of an individual which is a very important and delicate area of life.

Objectives

After acquiring Diploma/Degree, a Nurse would be able to :

- Apply theory into practice as per scientific principles.
- Analyze and demonstrate standard skills to provide quality care.
- Practice within the framework of code of professional ethics and within legal boundaries.
- Demonstrate leadership & managerial skills.
- Conduct need-based research studies in health care set-up.

Programmes Offered

S.No. Programme	No. of seats	Duration of Course	Age	Eligibility Academic Qualification	Selection Criteria

Physiotherapy & Rehabilitation Courses

Introduction

Physiotherapy is a scientific way to treat various ailments via physical means (heat, cold, water, various form of radiations & exercises.) Tremendous research and development in the past few decades of physiotherapy has led to its extensive demand and application in all specialities like Orthopaedics, Neurology, General Surgery, Cardiothoracic Surgery, Gynecology etc. The latest advancement and demand of physiotherapy in the current era of modernization makes it the most upcoming and in demand' career in the field of 'Health-Care ' as well as in teaching & research.

Keeping this in mind, in 2005 a pioneering step was taken by Lala Harbhagwan Dass Memorial & Dr. Prem Hospital, Panipat by establishing Prem Physiotherapy & Rehabilitation College with a bachelor course. i.e., Bachelor of Physiotherapy (B.P.T). In such a short time students of this college have achieved many top positions and distinction in the University.

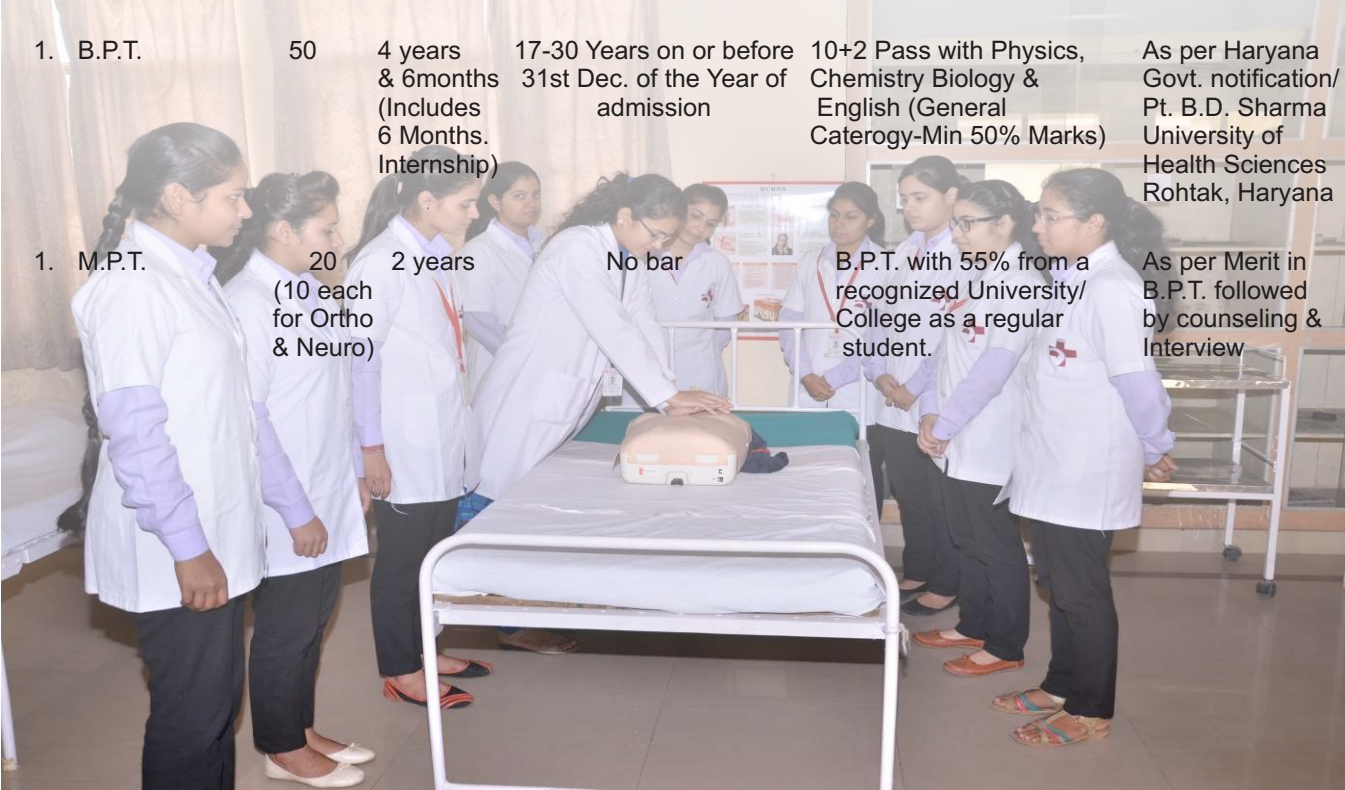

Last few decades have witnessed a gradual upsurge in the awareness regarding the field of physiotherapy. As a result in 2008 this institute with highly qualified faculty and state of the art infrastructure had started a post graduation programme i.e. Masters of Physiotherapy (M.P.T.)

Objectives

- 1. To create successful professionals, leaders, winners and achievers in this global village.
- 2. To establish the department as a centre of excellence in emerging areas of Physiotherapy.
- 3. To provide continuous educational opportunity.
- 4. To develop strong alumni links.

Programmes Offered

S.No. Programme	No. of Seats	Duration of Course	Age	Eligibility Academic Qualification	Selection Criteria
1. B.P.T.	50	4 years & 6months (Includes 6 Months. Internship)	17-30 Years on or before 31st Dec. of the Year of admission	10+2 Pass with Physics, Chemistry Biology & English (General Caterogy-Min 50% Marks)	As per Haryana Govt. notification/ Pt. B.D. Sharma University of Health Sciences Rohtak, Haryana
1. M.P.T.	20 (10 each for Ortho & Neuro)	2 years	No bar	B.P.T. with 55% from a recognized University/ College as a regular student.	As per Merit in B.P.T. followed by counseling & Interview

Opportunity

After completion of B.P.T. / M.P.T. one has a wide range of opportunities in private & public hospitals, nursing homes, health clinics, health clubs & physiotherapy colleges. One can also specialize in technique such as manual therapy, advanced electro therapy etc.

Bachelor of Physiotherapy (B.P.T.)

Prem Physiotherapy & Rehabilitation College runs a 4-1/2 years Bachelor of Physiotherapy Programme (including 6 months rotatory internship) affiliated to Pt. Bhagwat Dayal Sharma University of Health Sciences, Rohtak for developing internationally competent professional hands in Physiotherapy, B.P.T. is a well recognized job oriented and highly acclaimed professional course. The increasing demand and scope of the course make it a dynamic and growing field of study, practice as well as research.

Internship

After passing the final year examination a candidate is required immediately to undergo compulsory rotatory full time INTERNSHIP for 6 months. This must be in recognized Hospital or Rehabilitation centre, as the degree certificate would be held until such completion.

Master of Physiotherapy (M.P.T.)

Two year Post Graduate degree program in two different specialties. i.e. Orthopaedics & Neurology. This program assists the physiotherapy graduates to advance their skill & knowledge in a specialized field. Students develop their clinical & research skills, while enhancing their understanding of patient management strategies. Special emphasis is also laid on Evidence Based Practice in all disciplines of Physiotherapy.

Infrastructure & Facilities

Lecture Halls

The college offers excellent classrooms and seminar halls well-equipped with AV aided facilities for learning and practical session.

Library

The college has a very well equipped, spacious, computerized library with internet facility. It has adequate number of latest editions books, journals, periodicals and CDs to help the students and faculty to update their knowledge with latest advancements.

Laboratories

- i. Anatomy & Physiology Lab
- ii Fundamentals of Nursing Lab
- iii Community Lab
- iv Midwifery and Pediatric Lab
- v Nutrition Lab
- vi Biochemistry Lab
- vii Advance Nursing Lab

Electrotherapy Unit

This unit has the latest and advanced therapeutic and diagnostic modalities to provide effective treatment and training to the patients and students respectively.

Exercies Therapy Unit

The College has a spacious Exercise Therapy Unit which is equipped with modern equipments to facilitate therapeutic exercise of various muscles of the body.

Computer Lab

The College has a very well equipped computer Lab having 35 branded P IV computer & internet facility.

Gymnasium

College has a fully re-creational gym with advanced and robust machinery for exercise.

Clinical Facilities

Prem Institute of Medical Sciences is committed for providing health care at the primary secondary and tertiary levels. The institution is affiliated with the Urban & Rural Health Centers for Clinical field training in community health. These urban and rural health centres cover a vast population of the town, as well as adjacent rural areas.

A. Urban

The Institution has its own 210 bedded parent hospital built on modern architecture and adopting modern systems with special emphasis on Nursing and Physiotherapy. All Nursing stations are equipped with computers and the students are taught to work online in real time situations, The hospital is accredited and professionally managed. It has full time departments as follows. Medicine, Surgery, Ortho, Obs. & Gynae, ENT, Dental, Paeds, Neuro, Physician Cancer and Physiotherapy and super speciality like Neuro Surgery, Cardiology, Cardiothoracics, Burns and Plastic Surgery, Gastroenterology, Radiology Department, C.T. M.R.I. Ultrasound, Gamma Camera, Nuclear Medicine Dermatology and Blood Bank with Component unit.

The students are given practical learning exposure in all these departments.

B. Rural

The Physiotherapy and Nursing wing of the institute conducts health awareness programmes, free health checkup camps, rally programmes, rural & urban community services with the collaboration of local authorities and parent hospital on regular basis in the nearby rural areas.

Facilities for Students

Hostel

- (I) Separate hostel facilities are available for girls and boys and the stay in the hostel is compulsory for G.N.M. students and optional for others.
- (II) Any assembly of the student in the institute premises will not be permitted without permission of competent authority.

Mess

- (I) It is compulsory for hostel students to take meals in the mess. There are two messes available at which a student can choose any of them.
- (II) Mess charges are required to be paid by the 10th of every month by G.N.M. students. Else a late fee will be charged. Other programme students will be charged annually.

Health Care

Physical fitness is required during admission. The Institute has made arrangements for providing emergency health care to the students. This emergency service is provided through the First Aid centre of the hostel and also through the P.H.C. of the institute. These services are free of cost. Please note no self-medication is permitted.

In case the students need specialized attention, they are referred to the institute's hospital, where the students will be treated based on advice of the specialist. The O.P.D. medical treatments fee and any inpatient treatment will be at subsidized rates. For dental problems and chronic diseases, students will be charged as per actuals. Vaccination against Hepatitis-B is compulsory and the students are required to provide a certificate from the Medical Officer regarding the same. In case a student is not vaccinated, he / she will be vaccinated at subsidized rates.

All students falling ill, being hospitalized or recommended rest will be considered absent from the class. This period will not be considered towards minimum attendance required for eligibility to appear in the university examination. Those suffering from long-term illness are likely to be sent back home for treatment. However, they may be considered for re-admission later on, if found medically fit.

Placement facilities

100% placement facilities are provided through campus selection conducted by various super-speciality hospitals.

Transport

The institute has a fleet of buses for students and staff to ensure the convenience, safety and security.
